SPEAKER OF THE HOUSE WAS REALLY ANGRY WITH PRESIDENT AT HIS REMARKS.

## DEFENDS HIS PARTY

Says Without Democrats the Canadian Reciprocity Measure Could Not Have Passed Congress.

[BY ASSOCIATED PRESS.]

Quincy, Ill., Aug. 29.—Speaker Champ Clark, before leaving here early today, replied emphatically to President Taft's speech of defiance to the insurgent republicans and democrats delivered at Hamilton, Mass., last Saturday.

In a signed interview the speaker of the House accused the President of not stating facts. He said he didn't reply for the insurgent republicans, who "no doubt would take up cudgels in their own behalf."

He declared that if the tariff bill is to be used as a pretext for delaying tariff revision downward, the democrats will cut off its supplies.

"Continuing," he said, "The President's criticism of Underwood and myself, which is essentially a criticism of all democrats in the house and senate, because all democrats stand together, is absolutely uncalled for and an ungrateful performance as I can remember."

"Had it not been for the action of the democrats in the House, both of the 61st and 62nd congresses, in lining up almost unanimously in favor of reciprocity with Canada, he would have been the most thoroughly discredited, humiliated President since the days of Andrew Johnson."

"He seems to think we ought to have apologized as soon as the reciprocity matter was disposed of—that is, he seems to think congress is com-

## MILK DEALERS WILL MEET IN MILWAUKEE

International Milk Dealers' Association Will Meet in Milwaukee During Dairy Show.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Aug. 29.—Advice is just received by the International Dairy Show Association, to the effect that the International Milk Dealers' Association will meet in Milwaukee during the dairy show. This indicates that the most important dairy organization in the country will hold its convention during the International Dairy Show in October.

The International Milk Dealers' Association is made up of the leading milk dealers of the country, and is composed of a body of high-class business men. In its membership are included such men as Horton of New York, Hunt of Boston, Bingham of Ottawa, Potter of Toronto, Willis of Philadelphia, Peck of Chicago, Le Feber of Milwaukee, and others.

The convention will last about one week, and will attract members from coast to coast. There has been considerable rivalry between the National Dairy Show to be held at the International Dairy Show, to secure this organization, as it is regarded as the most valuable dairy organization in the country.

The International Dairy Show was out from the fact that the milk dealers met at Milwaukee two years ago at the Dairy Show, and at that time they had the most successful convention since its organization and from the further fact that the character of the International Dairy Show and the spirit in which it is projected, appealed to them more than the Stock Yards exposition, which is to be held in an oleomargarine atmosphere.

## BITTER FIGHT FOR CONTROL OVER THE DEMOCRATIC RANKS

Primaries Today in Maryland Will Decide Who Will Hold Leadership of Party in State

[SPECIAL TO THE GAZETTE.]

Baltimore, Md., Aug. 29.—The political campaign which has kept Maryland stirred from end to end for more than three months closed last night in a whirlwind finish and today the primaries of both parties were held throughout the state.

The republicans, with no rivalries for the principal nominations on their ticket, have shown little activity. The democrats on the other hand, have been aroused by bitter factional contests for the nominations. This, added to the fact that it is the first time that nominations for the State offices in Maryland have been made by the direct system of voting, causes the results of the primary balloting to be awaited with the keenest public interest.

Interest centers almost wholly in the fight between State Senator Arthur P. Gorman and Howard County, son of the late United States Senator Gorman, and State Senator Blair Lee of Montgomery county for the democratic nomination for governor. Not only the gubernatorial nomination but a bitter fight for the control of the Democratic State organization is involved in the contest for the head of the ticket.

Gorman is backed by the regular State organization and hopes if nominated and elected to make the governorship the stepping stone to the United States senate in succession to Senator J. Blair Rayner. The real director of the Gorman fight is Senator John Walater Smith, the leader of the State organization, with John J. Mahon, the Baltimore city leader, as chief lieutenant.

The opposition, variously termed as the insurgents or progressives, is headed by Congressman J. Fred Talbott, Governor Austin L. Crothers, who withdrew from his candidacy for reelection to help Blair Lee, and former Governor Edwin Warfield.

Congressman Talbott is the real leader in the fight against Gorman. Member of the National Committee, boss of Baltimore county, and a life-long organization man, Talbott was a trusted lieutenant of the late Senator Gorman, and followed the lead of the great State boss for a quarter of a century without question. Today he is found leading the support of Lee for the gubernatorial nomination and doing his utmost to defeat the son of his former chief.

The real secret of Talbott's turn-about-face in the political arena is to be found in young Gorman's well known ambition to enter the United States senate. After the death of United States Senator Gorman, Congressman Talbott applied to succeed to the seat, but was defeated in his ambition by John Walter Smith, who had the support of the younger Gorman and who has since managed to retain a firm hold on the State organization. In the present fight Talbott again seeks to wrest the party leadership from Senator Smith by defeating the latter's choice for the head of the State ticket. If Lee wins the nomination for governor, and is elected, he will have, in the patronage of his office, all powerful weapons with which to beat down the old organization, create a new one and retire Senator Smith to private life. Lee's success, according to the general understanding, would mean the election of Congressman Talbott as the next United States senator from Maryland.

The republicans appear to be well satisfied with the situation. They contend that whether Gorman or Lee is defeated in the primary the Democratic party will be split wide open and that the nominee will be killed to such an extent that the Republican ticket should be able to win out handily.

There are no contests for the Republican nominations. The state ticket was agreed upon in conference and will be named in the state convention without opposition. Phillips Lee Goldsborough, of Rochester is the choice for governor. W. H. Cunningham of Carroll county is state controller and Morris A. Soper of Baltimore for attorney general. The ticket is regarded as exceptionally strong, representing as it does both the younger republicans and the older element of the party.

Mr. Goldsborough, who is to be the nominee for governor, is a native of Somerset county, and a lawyer by profession. In 1896, when the republicans were in control of the legislature, he made a strong fight for United States senator but was defeated by George L. Wellington. In 1897 he was elected state controller. In 1902 President Roosevelt appointed him collector of internal revenue for the Baltimore district, and he was reappointed by President Taft.

### OLIVE OIL.

Under the Pure Food Law all oil  
made from olives is pure olive oil, yet  
there is as much difference in olive  
oil as there is in butter.  
Cheap olive oil is made from olives  
that through cause of decay, insects  
or storms fall to the ground. Sound,  
healthy olives stay on the trees until  
ripe, like our apples. They are then  
gathered, the oil pressed without heat.  
This is virgin olive oil. The second  
pressing is obtained with steam and  
hot water, which is known as fine  
table oil. The rich flavor and medi-  
cinal properties are found only in the vir-  
gin oil which is a greenish-yellow  
color. It is very nutritious. Used in  
nervous diseases is a mild laxative,  
has a great reputation as a remedy for  
stomach in the bladder, and is a skin  
food and complexion beautifier through  
its action on the liver. The supply of  
this virgin oil is always limited. It is  
specially bought up for medicinal  
purposes and found only in drug stores.  
Mr. Proulx, our Graduate Pharmaci-  
an and Chemist, personally tests our  
olive oil. You are therefore positive of

Extra Help Taken On To Handle  
Work in the shops. Switching

Busy Handling Increas-

Business in the local yards in un-  
usually rushing at the present time,  
due to the increase in shipments of  
stock, grain and other farm produce.  
Adding to this the increase in the  
traffic due to the six crews working at  
the gravel pit and hauling gravel  
from here to the new line at Clyman,  
and it is easy to realize how busy  
the switching crews are at the pres-  
ent time.

Two extra crews will soon be added  
to the force at work in the pit and  
these will further add to the rush  
which has been experienced by the  
local men in the yard service. Sun-  
day was unusually busy due to the  
fact that three extra stock and an  
extra slow train were taken through.

With one eye knocked out, his head  
badly crushed, several ribs broken  
and his chest and shoulders badly  
bruised, Conductor Charles Ward lies  
in the hospital at Jefferson as the re-  
sult of being cornered on the "Y" at  
Jefferson yesterday afternoon.  
Conductor Ward was on duty on one  
of the gravel trains running from the  
pit north of this city to the new line  
at Clyman and had his train waiting  
on the "Y" at Jefferson Junction. As  
he was stopping down from the en-  
gine another Madison division train  
backed along beside the engine and  
cornered the conductor between the  
two trains. His chest and head were  
badly crushed and very serious. It is  
remarkable that he escaped with his life  
under the circumstances.  
This unfortunate accident will keep  
Mr. Ward confined to the hospital for  
some time and when he will be able  
to go about again the loss of his eye  
will disqualify him for railway ser-  
vice in his chosen line.

## LOCAL EMPLOYEES.

### NOT DISTURBED BY LABOR AGITATION

Rumors of Wage Troubles Between  
N. W. Road and Its Shopmen Are  
Not Believed And No Dis-  
turbance Is Antici-  
pated Here.

Recent reports of expected trouble  
on the Northwestern line was con-  
sidered by some as an indication that  
a serious strike would soon be called  
by the Federated Shop Employees in  
an attempt to increase the wages of  
the shopmen. It is not considered as  
worthy of notice by men in the local  
shops. Members of the safety com-  
mittee who were in Chicago yesterday  
in attendance at a meeting of the Cen-  
tral Safety committee heard nothing  
there that would indicate that there  
were any grounds for such a report.  
This trouble was expected, accord-  
ing to the reports in recent papers,  
when representatives of the shopmen  
would confer with the officials of the  
road to draw up a new contract to  
take the place of the one which will  
expire within a month. Demands for  
an increased wage scale would be  
made by the shopmen's representa-  
tives involving steamfitters, boiler  
makers, blacksmiths and their help-  
ers, carmen, machinists, painters,  
clerks and sheet metal workers.  
That no trouble of the nature is ex-  
pected in the local shops is shown by  
the confidence of the workmen and  
their branding this report as without  
foundation.

Switchman John Erdman resumed  
work after a short vacation.

George Dransfield is expecting soon  
to take a short vacation in order to  
visit with friends in Milwaukee. A  
recent visit at that city seemed to  
have had the effect of making George  
very much interested in certain new  
found friends there and he can not  
refrain longer from repeating the call.

Engineer J. J. Kelly and Fireman  
Blackhead died to Chicago yester-  
day.

Switchman McFargart is off duty  
for a short time on account of a slight  
injury to his foot.

Switchman Colton has resigned.

Fireman J. B. Knuffman reported for  
duty today after a vacation of a few  
weeks which he and Mrs. Knuffman  
spent with friends in the Buckeye  
state.

Joseph Taylor, who has served at  
the shops as night boilermaker's help-  
er, has resigned and left for Tacoma,  
Washington, where he expects to  
make his home.

Stationary Engineer Bert Bennett is  
off on a vacation of two weeks which  
he is spending with friends up the  
river.

Engineer J. W. Green and Fireman  
Blackshaw are working in engine 881  
which was just taken from the shop  
after a general overhauling.

Donnie Courtney, dispatcher's help-  
er, is off duty on account of sickness.

Fireman R. C. Wilkins went out on

5:30 this morning.

Fireman Benhart took the place of  
Weltman last night on 586. Weltman  
was off duty on account of sickness.

Ed. Courtney, machinist's helper,  
has returned to work after a vacation  
of two weeks spent at Appleton.

Engineer Dudley is off duty today,  
relieved by James Wilson.

John Thayer has been added to the  
force of carmen.

Conductor Sage, who spent a vaca-  
tion of two weeks in Cincinnati, Ohio,  
has resumed work.

Chicago, Milwaukee & St. Paul.

## FORCE AND HOURS INCREASED IN SHOPS

Unusual Rush of Work Made Increase  
of Force Necessary and Days  
Work Changed From Eight  
To Nine Hours.

Increased work in the shops has  
made necessary a change in the work-  
ing hours for blacksmiths, machin-  
ists and blacksmiths. This change  
was made a few days ago and has in-  
creased the working time from eight  
hours a day for five days each week  
to nine hours for seven days. Even  
this great increase in the number of  
hours to be put in was not sufficient  
to handle all the work that is being  
brought to the shops and a few new  
men were added to the force.

## ENGINEER DUNNE STILL WEAK—GAINING SLOWLY

Engineer James Dunne of Madison,  
who was injured in the Harvard  
crash about a month ago, is improv-  
ing very slowly and he states that he  
is uncertain as to the time when he  
will be able to resume work in the  
shop. His shoulder and one of his legs  
will still be stiff and he fears that they  
will trouble him for some time in  
climbing in and out of the cab after  
he returns to work. He is able to  
walk about with but very little diffi-  
culty. His general health is improv-  
ing very satisfactorily and it is ap-  
parent that the effect of the strain to  
his nerves is almost overcome.

## FOREPAUGH SELLS CIRCUS TO MONROE TODAY

Two special trains carrying the  
Forepaugh-Sells circus from Murling-  
ton to Monroe were handled by four  
local engine crews today. Both trains  
contained a total of forty-seven cars  
and were double headed over the en-  
tire distance. Tomorrow the same  
crews will take the train to Platt-  
ville where they will be transferred to  
the Northwestern line.

## FOUR DELOIT DRUNKS GET TEN DAYS EACH

Four drunks each sentenced for  
a ten days' sojourn in the county  
jail, was the condemnation of phy-  
sicians from Beloit yesterday. The de-  
voted of the city that officers that  
were thus ruthlessly sentenced were  
George Snyder, Alfred Reed, Harry  
Huech, and Scott Howe. The first  
three were given terms in default of  
payment of fines and costs of \$6.65 each.

members of the Haphazard club are

John Nicholson at Lake Kegonsa.

Unpleasant.  
A reporter was interviewing Thomas  
A. Edison. "And you, sir," he said to  
the inventor, "made the first talking  
machine?" "No," Mr. Edison replied,  
"the first one was made long before  
my time—out of a rib."

## MILTON JCT. YOUTH DIES VERY SUDDENLY

Harold Hodge Died Yesterday After-  
noon at Five O'clock Following  
Very Short Illness.  
(Special to the Gazette.)

Milton Junction, Aug. 29.—Harold  
Hodge, son of Mr. and Mrs. Robert  
Hodge of this place, died very sudden-  
ly yesterday afternoon at five o'clock.  
He had been working all summer and  
returned home Saturday night to  
spend Sunday. He complained of be-  
ing ill but was about Sunday and  
nothing serious was thought.

Monday he was confined to his bed  
and medical aid was summoned. In  
the afternoon his condition grew  
worse and a Janesville physician was  
summoned. Before he could ar-  
rive, however, he had died. Stomach  
trouble which affected the heart,  
is given as the cause.

The deceased was born on a farm  
two miles west of this place, and  
would have been twenty-five years old  
in September. He was a graduate of  
the local high school and had spent  
all his life here with the exception of  
one year when he was in the west.  
He had planned to return in the near  
future with the idea of locating per-  
manently. Besides his parents, he  
leaves two brothers and one sister.  
Funeral arrangements have not been  
completed.

cial problems." In view of the present  
condition regarding taxation and tax  
assessments the meeting promises to  
be most interesting.

## COOKSVILLE.

Cooksville, Aug. 28.—Mrs. Church  
has gone to visit a daughter, who  
lives in Minnesota.

Mrs. Chester Gilley and son, Robert,  
of Stoughton, were visitors last week  
at the home of James Gilley.

Mrs. Minnie Barber from Friend,  
was a recent visitor with her friend,  
Mrs. Hattie Porter.

Miss Susan Porter entertained five  
from Racine over Sunday.

Mr. Ward of Seattle, Wash., was  
a visitor at the home of James Gil-  
ley and wife, Porter last week.

Mrs. Carrie Emery is making a  
long visit with her daughter, Mrs.  
Alfred Pursett, in Porter.

Alvin Viney transacted business in  
Janesville last Wednesday.

Misses Susan Porter, Ella Morgan  
and Mrs. Nellie Johnson entertained  
the W. L. club and friends last Wed-  
nesday at the home of the former.

During the afternoon the guests were  
favored with vocal solos by Miss  
Hortense Stebbins of Stoughton,  
Leslie Lewis of Racine, and Instru-  
mental music by Miss Benah Miller  
of Jay Prairie, and Ralph Warner of  
Racine, which were thoroughly en-  
joyed by all present.

Miss Porter  
gave a very interesting talk on her  
"Travels abroad," which was  
one of the pleasing incidents of the  
afternoon. About forty were in at-  
tendance.

Messrs. Leslie Lewis and Ralph  
Warner, who have been guests at the  
Susan Porter home returned to Racine  
on Thursday.

We wish to correct an error that  
appeared in the Gazette recently in re-  
gard to Cooksville. The article was  
written by a Mr. Ring who claims this  
village as his birth place. There are  
two churches here, but neither are in  
the center of square or park as men-  
tioned. The Lutheran is at the west  
of the cemetery, while the Congrega-  
tional is at the extreme west of the  
village. He also stated we could not  
boast of a "plum or stone." We have  
one of the former, also a small grocery,  
but since the advent of the auto  
among the farmers they do not seem  
to mind the absence of the once neces-  
sary additions to our village. The  
rest of the village seems to corre-  
spond with what we are told by the ear-  
ly settlers.

Quite a large delegation from here  
and vicinity went to the home of Mrs.  
Rice in Magnolia last Friday for an  
annual picnic, where the day was  
spent in a merry way. A picnic din-  
ner was served on the lawn and all  
present enjoyed a jolly time.

Rev. Grubbs of Evansville, conduct-  
ed services at the church on Sunday  
afternoon. Robert Hartley sang a  
solo, which was very much appreci-  
ated.

Frank Newman and wife and son,  
Frank of Evansville, attended services  
at the church here on Sunday.

Fred Miller and family and Owen  
Viney and wife were Janesville visi-  
tors on Sunday.

Daily Thought.

If we were charged so much a head

drum before the hawthorn came in  
flower, what a work we should make  
about their beauty.—Robert Louis

TENNIS TOURNAMENT  
PLANS AT EDGERTONSchedule of Events is Arranged for  
Edgerton Players to Do Hold  
This Week.

[SPECIAL TO THE GAZETTE.]

Edgerton, Aug. 29.—On the Jensen and Cullen courts will be seen some of the classiest tennis that has ever been played around this community. A great deal of interest is being shown over this tournament from the very fact that there are six beautiful loving cups awarded to the winners of the following: Runner-up in singles, winner in singles, runner-up in doubles, winners in doubles.

The purpose of the tournament is to encourage the game and if it proves to be successful in every way an inter-city schedule might be arranged later on. For the past few months tennis has not been as popular here as before, but from reports, the number of entries are eighteen, who all will see right to lay claim to the city championship. Edgerton has been known for the past few years to turn out some of the best tennis players in this vicinity as was shown when her players have previously defeated men from Janesville and Whitewater.

The following matches in singles were to be played today: Chas. Mcintosh vs. Paul Jensen, Lowell Whitel vs. J. F. Friesen, W. F. Mahdett vs. W. G. Atwell, J. D. Miller vs. C. O. Jensen, W. R. Bardeen vs. Will McIntosh, L. H. Towne vs. Robert McIntosh.

Long distance gazing—treated as a pastime—is advised for children showing a tendency to short sight, and the excellent long sight of the sailor and the dweller in the open country is cited as a proof of the efficiency of habitual long-distance gazing.

CARDINALS DEFEATED THE  
LINE CITY NORTH ENDS

Local Team Victorious in Game at Deloit Sunday Afternoon by the Score of 5 to 2.

In a game at Deloit Sunday afternoon the Janesville Cardinals took the Deloit North Ends into camp to the score of 5 to 2. While the Cardinals were not strong in their work with the stick brilliant fielding and the twirling of Connell held them completely at bay, allowing only one hit. Kelly was a star with one hand catches. The Cardinals' lineup:

The rules are of the most stringent character and are calculated to place the sport on a higher plane than it has ever been before. Physical fitness of the participants in boxing bouts is to be insisted upon, betting is to be dis-

## Snake Superstitions.

The Sanskrit name for a serpent means "having poison in the dye," that is, the fatal power to kill at a glance. Perhaps from some such notion as this the gratifying superstition arose in Mexico that if a magic rain fell on April 27 and got into the eyes of snakes and scorpions, they would go blind.

## The Gardens One Enjoys.

I am rapidly arriving at the conclusion that the only gardens one enjoys are those belonging to our friends, and that all cheapness one reads about gardening in general are written over a blazing fire on tempestuous nights by people of exuberant imagination and no knowledge whatever on the subject.—Ladies' Field.

One of Fashion's Follies.

A lady came on an odd-looking bag the other day in one of the fashionable London shops. It was in expensive leather, and seemed too large for an ordinary handbag; also it had a curious opening cut at one side towards the top. "Ladies use it for carrying their little dogs," the sales man explained.

Growing Old.

"I don't believe she is as young as she claims to be," "Of course she isn't. Didn't you hear her confess a moment ago that she could very well remember when everybody was crazy about Omar Khayyam?"

Had Been There.

"Ever surrounded by wolves?" "No, but I know the sensation. I used to open dining room doors at a summer hotel."

## INVITATIONS ISSUED TO THE GOLF CLUBS

Good Attendance at Tinkling Sisters' Circus on Labor Day is Promised.

"Is it not about time for another story about our circus?" is the way the press agent of the great and only Tinkling Sisters' circus, saluted the editorial force of the Gazette today. "Did you know that we are going to have a real marriage of a confirmed bachelor in a den of wild animals," she continued. "Yes, honestly we are. If you don't believe me just telephone Mr. McCoy and ask him if he is not going to be married Labor Day."

The Tinkling Sisters' circus is the all-absorbing topic of conversation about the Golf club these days. Not only at the Golf club, but the rehearsals throughout the city, wonderful burr-back riding feats, trained dogs that get a biscuit every time they do their trick properly, dainty costumes to be made, and singing for that concert are in progress.

The committee having charge of the affair have issued formal invitations to the Madison, Rockford, Beloit and Racine Country clubs and personal letters have been written to others so that the crowd that will be in attendance on Labor day will be a bumper one. Of course Janesville people will turn out en masse, whether they are members of the club or not.

"Of course there are going to be lots of side-shows beside the big 'main top'" said the charming press agent. "Why, I could tell you all about the girl with the monkey that will make young and old laugh. She has been rehearsing her 'ape' about double-jointed California peanuts fresh from Ralph Van Cleave's olive grove," until it would make you tired to listen to her. Then there is Mr. Sutherland-Orgie, I mean. He is just fine. George McKee has him in his show, of course. "There is the country dance at the club house, five cents a dance, and lots of fun. I tell you when you see those golf grounds Labor day you will not know them. The tents are going to be lighted by electricity and gay with flags and bunting and there is to be a circus bonanza and lots of things. Put in something nice, now, won't you?" This is what is put in.

## SPECIAL MEETINGS TO VOTE ON STATE AID FOR HIGHWAYS

Many of Towns of Rock County and All Over State Will Vote on Matter This Week.

Many of the towns of Rock county will vote on the matter of state aid for highways and bridges in 1912 as provided for under the new law, during the present week. Among the towns which will vote on the matter are Lima, Fulton, Plymouth, Bradford, Harmon, Janesville, and most of the other townships in the county according to a statement of the county clerk today. Other townships throughout the state will also vote on the matter.

Provision in voting these taxes will be the same as in voting taxes at regular town meetings. The question can be presented in the form of a resolution and can be voted on by resolution or by a division of the house. If a majority of the meeting so decide, the question can be voted on by ballot, but this is not necessary.

The minimum tax for improving a piece of road is \$100; for improving a bridge or bridges is \$250. One or both of several taxes can be voted provided the total of all taxes does not exceed 3 mills on the town's valuation, unless by a three-quarters vote, in which case it is raised to 5 mills. If there is no county system of prospective state highways laid out in the county, taxes can be voted and the town board selects the roads or bridges to be built after the county board selects a system.

If an improvement is voted, the town board must apply to the county board through the county clerk on or before September 1st for county aid on the improvement. The State Highway Commission has sent a form of resolution to be used in voting taxes and a form of petition to the county clerk to every town clerk in the state. These or copies of them may be used for the purposes named, and extra copies will be sent to anyone on request to the Wisconsin Highway Commission at Madison.

About sixty in all gathered for a picnic dinner, after which the afternoon was spent in games and pleasant social intercourse. As a family, the Richardsons seem to take great interest in the national game, baseball. Two very exciting games were played, the first between the "girls" and "boys" teams. With the swifter motions and more quickly acting minds of the future and an impartial umpire, the boys had no show at all, but took their defeat in the good nature which characterizes the family.

## NOTES FOR CITY FARMERS ONLY.

(By H. L. RANN.)  
The Durac Jersey pig is the 1912 model of the old square-legged Poland China which came over in the Mayflower. The original Poland China had a prehensile proboscis with a grip like a cuneiform, and he was built on the same lines of the sand hill crane. The Durac Jersey is the last word in pig culture. He would about as soon think of spending the week end with a Poland China as he would of using a quill toothpick at the dinner table.

You never see a Durac Jersey scratching his back on a red cedar post or rudely showing his female relatives away from the trough. He is as neat and tidy in his appearance as an amorous barber, and his table manners would chide up with those of some of our first families. The Durac Jersey is the exquisite of the hog house.

While we are on this subject, what is the reason that there are so few good table manners among the pigs of the present generation? It is the most curious thing in the world to find a pig which can vocalize above middle C without wandering from the pitch like a stevedore on a three-foot walk. A first tenor is scarcer among pigs than clean sheets in a dollar-a-day hotel. The pig's voice changes quicker than a government employee's politics, and every about is a basso cantabile before he is out of his teens. This mystery has baffled vocal teachers more than how to control the self-tripping diaphragm.

**A Doctor's Warning.**  
When Dr. Johnson asked the Widow Porter to be his wife, he told her candidly that he had no money and that his uncle had been hanged. The widow replied that she cared nothing for his parentage; that she had no money herself, and that, though she had no relation hanged, she had 50 who deserved hanging. So they made a match of it.

## BREAKING OUT COVERED BODY

Where Scratched It Made Sores. Terrible Itching and Burning Kept Her from Sleeping. Cuticura Remedies Completely Cured Her. No Return.

"Three years ago this winter I had a breaking out that covered my whole body. It itched so it seemed as if I should go crazy. It first came out in little pimples on my back and spread till it covered my whole body and limbs down to my knees, also my arms down to my elbows. Where I scratched, it made sores, and the terrible itching and burning kept me from sleeping. I tried several remedies, but all to no purpose. Then I concluded to try the Cuticura Remedies. I used the Cuticura Soap and Cuticura Ointment, also the Resolvent, for about four months, and they completely cured me of eczema. I have had no return of the disease since. I never had a good night's rest after the skin eruption first broke out till I commenced using the Cuticura Soap and Ointment. I had only used them a few days before I could see they were working to heal, and the terrible itching was gone."

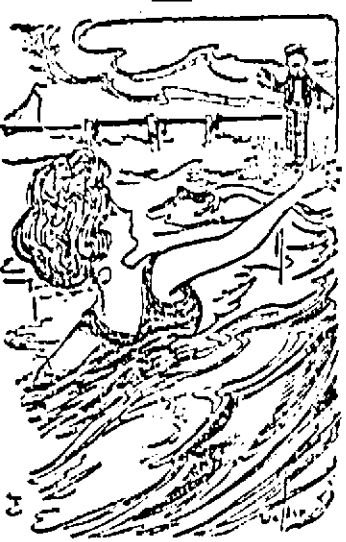

"Those that lived in the house at the time know how I suffered, and how the Cuticura Soap and Ointment cured me. I never take a bath without using the Cuticura Soap, and I do not believe there are better remedies for my skin disease than the Cuticura Soap and Ointment." (Signed) Miss Sarah Calkins, Waukegan, Ill., Mar. 10, 1911.

## AT THE SEASHORE.

The Beautiful Girl (flourishing about in the surf)—Save me!  
The Married Man—You'll have to excuse me, I'm already married.

The Same Old Story.  
"It's curious how habits fasten themselves on people. You know Wappley?"  
"Yes."  
"He's an enthusiastic fisherman, and always has a story to tell about some gigantic monster of the deep that he almost caught."  
"I've heard him tell a lot of lies of that kind."  
"Well, it seems that burglars broke into his house the other night and he got up and captured one of them—a little fellow—but you ought to hear him tell about the size of the one that got away."

An Experience.  
"What can you do with a team in the country? Do you know anything about hooking up?"  
"Do I? Haven't I been doing it for a year on my wife's waist?"

Healing Time.  
The Husband—I wonder where on earth my safety razor is?  
The Maid—Oh, sir, your wife is out in the garden, attending to her flowers.—Yonkers Statesman.

## Halves, Miter.

It was at a theater in Dublin. The king, aged and infirm, was blessed with two sons. He was pacing up and down the stage with a weary look, exclaiming aloud: "On which of those two sons shall I bestow the crown?"  
The house was nearly brought down with laughter when a little man in the gallery stood up and said: "Treat 'em fair, guv'nor. Can't yer give 'em half a crown apiece?"—Ideas.

## Luck.

"Remember, my boy," said the man who had just been reading his son a severe lecture, "that all men are created equal."  
"Maybe they are," the youngster replied, "but some of them have the luck to be adopted by people who remember that they were young once themselves."

## Reformed.

He used to live on breakfast food, but that was long ago.  
He wonders now how he could attract his stomach so.

## Sounded That Way.

"I have mislaid my fountain pen," said the father.  
"I guess mother found it," said the daughter.  
"What makes you think so, daughter?"  
"Because I heard her say she'd been doing nothing but washing her hands all day."

## On One Foot.

I know a certain citizen  
Who lost his leg, equal;  
And more than seven times since then  
I've seen him hopping mad.

## He Knew His Business.

Proprietor of Millinery Shop—Why didn't that lady buy anything?  
New Assistant—Because we hadn't got what she wanted.  
Proprietor—You'll kindly remember in future, miss, that you're here to sell what I keep, and not what people want!—London Opinion.

## Steering Clear.

I know a certain citizen  
Who seldom wears a frown,  
But when his wife is party gives  
His fingers late to town.

## Foreknowledge.

A little lad was desperately ill, but refused to take the medicine the doctor had left. At last his mother gave him up. "Oh, my boy will die; my boy will die," she sobbed.  
But a voice spoken from the bed, "Don't cry, mother. Father'll be home soon and he'll make me take it!"  
Woman's Home Companion.

## Well Trained.

To sleep out late  
He does not care,  
For fear his mate  
Will pull his hair.

## A Lack.

"It would be a good thing if pulpit oratory were more like baseball."  
"In what way?"  
"If in addition to effective delivery, it would also pay more attention to short stops."

## A Drute.

The meanest man I ever saw,  
A chap who should be put in jail,  
Contrived his wife to overtake  
And kept her from a bargain sale.

## FORTY YEARS AGO

The Janesville Daily Gazette, Tuesday, August 29, 1871.

**Stock at the Coming Fair.**  
We are glad to notice that the Rock County Agricultural Society is offering liberal premiums for stock this year, as it will tend to bring together the finest animals that the state of Wisconsin can produce. Last year's exhibition in this department was large, the blooded stock of Rock county being well represented; but we look for an increased number of entries this year.

**A Liberal Offer.**  
Louis Mendel, agent for Lederman Bros., tobacco dealers, of New York city, makes the following offer of premiums to tobacco growers: \$150 for the best field of five acres or over; \$100 for the second best field of five acres or over; \$50 for the third best field of five acres or over. Disinterested parties, to be selected by those of whom Mr. Mendel makes his purchases, are to be judges. He makes this offer as an inducement to tobacco-growers to use proper skill and

care in handling the crop.

**The Paper Mill.**  
The board of trade meeting last night was well attended, though many of the real estate owners were absent. The project advanced by P. S. Allen of Kaukauna, Ill., for locating a mill in this or some other prominent Wisconsin city for the manufacture of strawboard for building purposes was discussed. Mr. Allen proposes to furnish about one-quarter of the capital, the balance to be made up by subscriptions to stock and the procuring of those subscriptions is the labor laid out for the board of trade committee which was appointed.

One argument in favor of a manufacturing of this nature is that the material from which the building board is made grows in this immediate vicinity, consequently the money paid out for raw material will be kept at home. About nine hundred tons of straw will be consumed annually, which will manufacture some six hundred tons of paper board, worth eighty dollars per ton. The establishment will employ about twenty hands.
